

Kenwood Family Vineyards

In vino veritas {in wine is truth} - PLATO

Kenwood Vineyards offers a diverse portfolio of wines from the very best vineyards in Sonoma County. Our grapes are cultivated in the top wine regions; stretching from the fog swathed hills of the Russian River Valley, to the hot floors of the Alexander Valley, up through the red lava soils of Sonoma Mountain and beyond.

Since 1970, Kenwood has been making the highest quality wines. Our "Small Lot" winemaking allows us to bring each lot of wine to its fullest potential. The harvest from each vineyard is handled separately to preserve its individuality and true character. The extra time and effort it takes to do this ensures that Kenwood consistently produces the best wines year after year.

The best expression of Sonoma County's renowned varietals can be found in Kenwood's portfolio. Taste the opulent layers of fruit in our Russian River Pinot Noir or the explosively aromatic and racy style of our Reserve Sauvignon Blanc. Sample the flavor of our full-bodied single-vineyard Jack London Cabernet Sauvignon and try our concentrated, mouth-coating Sonoma County Zinfandel.

Enjoy Kenwood Wines. "Sonoma County in a Glass."
